January 2023

Dear Friends,

For more than 35 years, the New England Sheep and Wool Growers Association has sponsored the Northeast Youth Sheep Show (NEYSS), an annual livestock show for youth in the northeast region. Over the years, NEYSS has grown into one of the premier youth sheep shows in the country.

NEYSS hosts more than 150 exhibitors and their families each July. It has become the unofficial start of the show season for many families. It is a place for friends to join together for a long weekend of learning, growing, connecting, camaraderie, and fun. The event is run entirely by volunteers, many of whom showed here themselves in years past. Youth who attend this event participate in skill-a-thons, quiz bowl competitions, judging contests, and clinics in addition to the traditional sheep show. Experiences like these play a formative role in the development of these young people and shape the paths for their adult lives; these kids are the agriculture industry's future!

NESWGA is asking for your support as a sponsor. Please consider joining us in our efforts to provide a safe and educational show for the youth in our communities (and this year the nation). We are pleased to offer a variety of sponsorship options and we appreciate your consideration and support at any level.

As we all know, participating in events like this one are not all about winning a fancy rosette or a banner; they are about building character and learning about hard work and responsibility. They teach compassion and perseverance and are paramount in a young person's growth into a respectful, civic-minded, capable adult.

For more information about becoming a sponsor or for questions about the show, please contact Emma Rogers at northeastyouthsheep@gmail.com or Karielyn DiStefano at domschickie@yahoo.com.

Thank you again for your consideration and ongoing support of the Northeast Youth Sheep Show as an exhibitor, parent, sponsor, or friend.

Sincerely,

Julia Chute, Chip Hallett & Sarah Jakeman
NESWGA President and NEYSS Chairpersons
